

Naming Opportunities

Community Room: \$250,000

A dynamic and flexible gathering space for community organizations and groups to host educational, civic, cultural, and public information events. Large groups of up to 140 people can be accommodated with a variety of custom room set-ups and presentation-ready tech.

This space will be the heart of the library and its community.

Experiential Learning Center: \$100,000

An interactive and engaging space that invites and excites our youngest visitors through experiential learning and play. Holistic educational activities will be readily available in order to build a solid and broad foundation for a love of reading and lifelong learning.

Courtyard: \$75,000

A spacious patio will allow for innovative outdoor programming, including concerts, open-air story times, and outdoor games. Patrons will have the opportunity to stay connected to reading and the library's WIFI in this inviting outdoor space.

Adult Computer Lab: \$50,000

This state-of-the-art computer classroom will house ten learners at individual workstations, allowing patrons to participate in digital literacy and workforce development training in English and Spanish.

Young Adult Makerspace/STEM Lab: \$50,000

This multi-use area will promote hands-on, collaborative and exploratory learning. Students will engage in activities such as digital printing, coding and robotics that allow them to further build technology, science, math, and engineering skills.

Study Rooms: \$25,000 (2 Available)

Four-to-six person study rooms offer privacy for small group meetings. Patrons can use the study rooms during the day for quiet study, online learning, and gig-economy work, or in the afternoon and evening for independent study and group work.
